ABOUT ROCKY MOUNTAIN EAGLE EYE

Rocky Mountain Eagle Eye, LLC is a full-service private investigations agency headquartered in Colorado. We work for attorneys, businesses, insurers, and private clients across the state who need clear facts, careful documentation, and professional follow-through on sensitive matters.

How this role works

- **Case-driven hours.** Investigations come in from attorneys, businesses, insurers, and private clients across Colorado. Schedule is flexible, but assignments drive the workload.
- **Field + research blend.** Expect a mix of surveillance, locates, public-records research, DMV / FCRA / GLBA-compliant database queries, work-history and payroll verifications, and on-the-ground field work — not strictly one or the other.
- **Tools provided.** We supply the RMS, secure databases, and investigative platforms. Investigators bring focus, sound judgment, and clean reporting.
- **Self-directed work, team-backed.** Day-to-day, cases are yours to run. The team is always there when you need a second set of eyes, a tool you don't have, or guidance on a tough call — but the role rewards investigators who can take an assignment and move it forward with minimal oversight.
